FOR FREEZER — DO NOT OPEN

Dish: _____ Sealed for a later hard day.

NOTHING SERIOUS — THIS ONE'S EASY

Dish: _____ Still best before: _____

The one rule that matters: a flag says "this dish contains X." It never says "this dish is free of X." Nobody can prove a clean kitchen by sticker, so for a person with a severe allergy, cooked-by-a-stranger food is a family decision — offer, don't insist.

Keep one unused page of flags taped to the cooler, so the last-minute volunteer can label without asking anyone anything.
